

Patriots Program: WWII

G nationalgrange.org/patriots-program-wwii/

The National Grange program's department is very excited to bring you a new program this year focusing on World War II. The first step in this program is a CD that includes a PowerPoint, slide presentation notes and information on the Patriots Program for the whole year.

I'm happy to kick off this program in March, Women's History Month, with a program dedicated to women in WWII. The CD focuses on "Women and the War Effort" and it contains 45 different slides on various subjects, such as women in the military, Government Girls, non-military jobs for women and many more. The last two slides of the project are dedicated to Grange women involved in WWII. I hope that you see this PowerPoint as a tool to have various different lecturer programs, big or small. Don't forget to celebrate the women in your Grange and your life not only during Women's History Month, but throughout the year. The PowerPoint presentation can also be downloaded from the National Grange website.

Please make sure to forward this information to your local Granges. Let them know they are available for free at the National Grange. Also, be on the lookout for other PowerPoints focusing on World War II this year. If you, or your members, have any questions, please do not hesitate to contact the National Grange at or call at 888-4-GRANGE.

Request Certificates

This year we are focusing on World War II and recognizing these veterans not only in your Grange but in your community. The idea is each year we celebrate and honor veterans from different wars. Potomac Grange #1 is sponsoring this entire program which allows us to send you free certificates and other information to help you create unique programs for your community. We encourage all Granges to honor their veterans.

To order your certificates please e-mail the National Grange at or call at 888-4-GRANGE. Please provide the following information: name of recipients; Grange name and number, if not a Grange member, then the town and state; name of the local Master and Lecturer; date of presentation; and a contact person to whom the certificates should be mailed to.
