

## What is the Grange?

The Grange is a family organization, dedicated to improving the American way of life through community service, education, and legislation.

In 1867 the National Grange became the first nationwide fraternal farm organization. It is the first national organization to give full voice and vote to women.

Each year, Grange policies affect local state, and national legislation. The development of Grange policy starts at the local level, making us truly a grass roots organization.

Agriculture is Pennsylvania's number one industry, and the Pennsylvania State Grange is proud to continue supporting farms and farm families.

In addition to that support the Grange gives all its members a voice in every aspect of the legislature. Throughout the Commonwealth our members are involved in setting Grange policy.

The Grange is a Fraternal family organization dedicated to the betterment of rural America through community service, education, legislation, and fellowship.
